Project Name	Inventory Management System For Retailer

Create An Account In Sendgrid:

The screenshot shows a web browser window with the URL `app.sendgrid.com/guide`. The browser's tab bar shows several open tabs: IBM, CAD, Post, Cloud, Cloud, Send, flask, and Send. The SendGrid interface features a left sidebar with navigation links: Dashboard, Email API, Marketing, Design Library, Stats, Activity, Suppressions, Settings, and Twilio SMS. The main content area displays a welcome message "Welcome, ganesan!" followed by a blue banner that reads "Send your first emails with Twilio SendGrid". Below this, a section titled "Create a sender identity" explains the need for a sender identity and provides a "Create a Single Sender" button. To the right, a diagram illustrates an email header with "Your Business" as the sender and "to me" as the recipient. At the bottom, a footer states "Send your first email" and "Please create a sender identity before sending your email".
